email: rasmkd@hotmail.com

1970 MGB GT, British Racing Green, dual SU carbs, 4 speed.

1800 cc Engine was rebuilt in the 90's, 22,000 kms driven since.

Included: new leather dash, new rugs and leather seats, chrome kick boards on door frames, new windshield. Some misc. extra parts for British Motor cars in a box in the trunk

Recent work: u joints, fuel pump, fluid change and tune, ignition switch and rekeyed, single 12-volt battery replaced, rostyle wheels powder coated. New tires this year, no miles since.

Reason for selling - This was our dad's hobby care before he passed away in 2019. He was a retired mechanic. Mom kept it for a while for nostalgic reasons, but now admits that at age 82, she is too short and not strong enough to drive safely without power steering, and has decided that it takes too much effort to maintain without his assistance.

Location: currently stored near Brooks AB. Can arrange for viewing in Calgary for seriously interested person.
